Dear Mr. Griffin:

On behalf of New York University, I thank you and your associates at Peters, Griffin and Woodward for the very generous and useful gift of the RCA BTF-5B FM transmitter with the associated instrument rack, coaxial switch, voltage regulator, air compressor and dehydrator, and harmonic filter. As you know, the independent appraisal of this equipment made by the American Appraisal Company established a fair market value of \$7,625.00.

This valuable addition to our existing studio equipment will let us put an FM station on the air. We feel that our students working with the FM station will greatly add to their college experiences due to your gift. They share fully the deep sense of personal gratitude we all feel. Thank you once more.

Yours very sincerely,

Harold B. Whiteman, Jr.
